

Wesley Walk 2007

Wesley College celebrated 100 years in February 2007. This was a historic event of our school, so there were various events organised. They were the Service of Thanksgiving, the Wesley Walk and the issuing of a stamp to commemorate the event.

The students, parents, old boys and well wishers were invited to the Wesley Walk, which was held on February 10, 2007. There were T-shirts and caps made especially for this occasion. All these collections will be spent to improve the facilities of the school.

The Wesley Walk started from the school premises at 7.30 a.m. The seniors started the walk after issuing the stamp. We as juniors from Grade One to Five were gathered at St. Luke's Church. The Junior Western Band

and Eastern Band children were at the church. We all were there from 8.30 a.m. We were waiting to join the seniors.

The seniors came at about 10.30 a.m. The children were taken according to their classes. There was a big traffic block on the road. The traffic police helped us to move quickly to school.

We were all shouting "Wesley College Double Blue!" till we reached school. Then we had a good time at our school. There were some stalls of Keells, Elephant House and Indian Food. There was a special magic show for the children. I also joined with my friends to see it. This was an unforgettable day for me!

The Butterfly

Once there was a butterfly
She liked to fly in the sky
When she drinks honey she goes ping, ping, ping
When she flies, her wings go cling, cling, cling

Her best friend was a snail
Who liked to deliver the mail
They went out in a boat
And caught some fish in a pail

The snail got hurt by a nail
And he got a terrible pain
They rowed back home again
And got caught in a terrible rain

Prefects Investiture Ceremony

The day of our prefects' investiture was January 31, 2007. It was one of the most wonderful events we've ever participated in. I had to carry the Sri Lanka Flag while the Head Games Captain carried the school flag. The prefects' carried lamps filled with flowers, in their hands. We attended Holy

Mass, to take our oath to serve our school with loyalty and bravery, and then we received our badges.

After that we had a wonderful time chatting and having our refreshments. We had an educational seminar a few days before our ceremony which was conducted by Rev. Father

Lasantha. We had many games regarding team-work. Not just that, we learnt how to listen well and concentrate and also always work together to make things work faster. This seminar was very inspiring and filled with loads of fun. It was a good experience for all of us, prefects' and captains.

Now we have started our duties with all the guidelines given to us. To me it was the greatest event in my life, because I received the Head Prefect Badge.

My favourite game

My favourite game is cricket. It is a very famous game in the world. This game is both interesting and exciting. Another special characteristic of this game is its unpredictability. Nobody knows who would win till the last. That is the very reason why I like this game more than any other.

There are 10 Test Playing Nations in the world including Sri Lanka. In the current rankings, Sri Lanka stands at the fifth slot. World famous 'Master Blaster' Sanath Jayasuriya is my favourite

cricketer.

Sri Lanka won the world cup in 1996. I think Sri Lanka will grab the world cup this time also by beating all the nations in the whole world. I wish them all the strength and success to win the world cup and bring glory and fame to our motherland.

A poem for the week

Parents are the people,
Who care for you when small,
And parents are the people,
Who help you to stand up tall.

My father is a doctor,
And my mother as well,
They help me in my studies,
And stories they do tell.

They provide me with everything,
And make me happy too,
That's why I love them,
I do, I do, I do!
