### Scholarships for IT Education

We are Eurocenter DDC, a BOI approved software designing and engineering company of international repute with offices in Sri Lanka and Norway. We specialize in Software Product Engineering and Offshore Software Development, and we deliver high-end, value added IT services to our clientele in Europe.

#### Earn while you study...

We are looking for Undergraduate IT Students who are already into a Degree course with enough time to work while studying, as well as School Leavers who are at their academic crossroads and considering a higher qualification in the form of an IT Degree.

Eurocenter will fund a part of your course which will help you while you study to attain your goal. In return you can work with us on a flexible part-time arrangement which will provide you with a work experience you would otherwise not have had upon graduation. With this convenient opportunity you too can become a qualified Software Engineer with ample professional experience in addition to your IT Degree.

If this seems ideal for you, please list "Scholarships for IT Education" in the subject line and email your application within 10 days of this advertisement to: career@eurocenter.lk While only shortlisted candidates will be notified, our selection process includes an aptitude test in addition to the interview session.
