**VACANCY NOTICE**

UNICEF Sri Lanka, Country Office, invites applications from qualified nationals of the Republic of Sri Lanka for the following post:

Post Title: Water & Environmental Sanitation Officer **V/No:** HR 09/05-02

Level: NOB (Fixed Term)

Duty Station: Colombo

Closing Date: 31 May 2009

Purpose of the post:

Under the overall guidance of the WES Specialist in cooperation with the Government, NGOs and other development partners, the incumbent of the post is responsible to develop & oversee the implementation of the Hygiene, Sanitation & Water Supply Project with a Demand Driven and Behaviour Change Focus in the areas under the purview of the Office.

Major Duties and Responsibilities:

- Develop creative methods and community based approaches for cost effective technologies and behavioral development and concerning safe water use, sanitation, personal hygiene environmental cleanliness in consultation with WES colleagues, Government counterparts, NGOs and other stakeholders. Provide technical support and be accountable for effective implementation of the project and provide support to the concerned Project Director (s) in the planning, implementation, development and monitoring of the mutually agreed annual work plan to achieve programme objectives, with due consideration of agreed targets and processes involved.
- Create network of development partners (government, NGOs, donors, academic institutions, private sectors) and ensure their active participation in all aspects of project design, management, monitoring and evaluation to promote programme goals, strengthen synergisms with related sectors and partners, find help design and produce advocacy packages for promotion of appropriate technology as well as behavioral development. Conceptualize and coordinate the organization of project "events" as well as social mobilization activities to ensure optimal impact on agreed target groups.
- Monitor logistic planning, distribution and end use of materials and ensure that programme implementation falls within agreed objectives and budgetary allocations: prepare all internal documents related to the timely implementation of the work. Act as the focal point for the project and provide technical support to the concerned Project Director in the planning, implementation, development and monitoring of the mutually agreed annual work plan to achieve programme objectives, with due consideration of agreed targets and processes involved.
- Manage and prepare situation analysis, donor reports, annual reports, noted proposals and other programme documents and external review documents, etc. review and report: and ensure the production and compilation of accurate information including through the use of computerised programme systems and by utilizing latest IT for programming, planning and monitoring. Participate in the assigned task forces and Committees. Develop & carry out specific studies, evaluations which will be used to support Project Development.

Minimum Qualifications and Experience Required:

- University degree in one of the disciplines relevant to the following areas: Environment, Civil Engineering, Mechanical Engineering, Hydrology, Sanitation Engineering, or a field relevant to international development assistance in WES. Additional training in Health Education, an asset.
- Two years progressively responsible professional work experience in the field of Water and Sanitation with specific focus on Sanitation and Hygiene promotion.
- Experience in low cost technological research, design and implementation, in working with donors as well as alliance building and networking among Government agencies, NGOs, and private sectors will be an added advantage.

Language:

Fluency in English, Sinhala and/or Tamil language required.

Specialized Training/Other Skills/Competencies:

- Analytical skills and ability to express clearly and concisely ideas and concepts in written form; specific skills in report writing.
- Proven ability to conceptualize, plan and execute ideas.
- Be responsible for keeping up-to-date with the latest developments in the social sector.
- Proven ability to effectively manage relationships with donor partners and potential donor groups.
- Strong working knowledge of computer systems and applications.
- Proven ability to work both independently and as part of a team.
- Demonstrated ability to work in a multi-cultural environment and establish harmonious and effective working relationships, both within and outside the organization.

An attractive salary will be offered to the selected candidate depending on qualifications and experience, plus a child allowance, if applicable. All emoluments are tax-free.

Those who possess the required qualifications and wish to apply to the above post, must submit an application including **1) cover letter, 2) CV, 3) duly completed and signed Personal History Form (P.11), 4) copies of most relevant academic qualification, and for UN candidates, 5) the last 2 Performance Evaluation Reports (PER)** by specifying the Vacancy Notice number (V/No) either by email to sri.lankahrvacancies@unicef.org or by postal mail addressed it to the **Human Resources Specialist, under Confidential, cover by 31 May 2009.**

The P.11 can be downloaded from the following link http://www.unicef.org/about/employ/index_apply.html or obtained at the reception of our Head Office, 35, Balapokuna Road, Colombo 5, Tel. 2768555
