3M is fundamentally a science-based company. We produce thousands of imaginative products, and we are a leader in scores of markets - from health care and highway safety to office products and abrasives and adhesives. Our success begins with our ability to apply our technologies - often in combination - to an endless array of real-world customer needs. Of course, all of this is made possible by the singular commitment of the people of 3M to make life easier and better for people around the world.

At 3M, we are continuously looking out for determined and energetic individuals who support our customer focused culture, consumer inspired innovation and values. We are currently looking out for people who will fit in to the following roles.

Division Manager - Construction & Architecture Business

• This individual will be responsible for marketing 3M's innovative products and solutions for designing, building, protecting and operating facilities in Sri Lanka. The product range involved includes a broad range of construction operation needs and architectural products such as Abrasives & Surface Finishing, Bonding & Fastening, Protective Products, Windows & Decors and Worker Safety products.

• The suitable candidate will be professionally qualified in marketing (CIM) with an MBA and have 5 – 7 years experience in a similar industry. Experience in all aspects of developing and implementing marketing strategies to meet organizational objectives, a strong understanding of customer and market dynamics, along with excellent communication and negotiation skills are a must.

Professional Services Engineer - Health Care Division

• The selected candidate will be required to provide professional service support to the Health Care Division on areas such as Skin Health, Sterilization, Auscultation & Therapy, Asepsis, Immobilization, Dental and conduct customer training programs and workshops. S/he will also coordinate with the Asia Pacific professional services team for country implementations and product launches.

• The ideal candidate will have a degree in bio science, 2 – 3 years experience in a similar job role, and excellent communication and presentation skills.

Should you wish to apply, please send in your CV with the names of 2 non related referees to reach us on or before September 30, 2010 to nfonseka@mmm.com
