## Do you HAVE what it takes?

An active, intelligent problem solver with strong analytical skills along with the ability to think clearly and independently!

### iPhone Developer - Software Engineer

Eurocenter DDC Ltd is a software engineering company of international repute, with offices in Colombo and Oslo. Our Processes conform to ISO 9001:2008 and CMMi standards where our teams operate in a highly agile manner. We are a Microsoft Gold partner specialized in Product Engineering and Consulting Services. Operating since 2000, we are a BOI approved company serving the European market place.

We are seeking intelligent problem solvers with strong analytic skills, high attention to detail, ability to think clearly & creatively, and work independently in a challenging environment. You must have excellent communication skills, as part of your time will be spent dealing with overseas clients directly. As we cater to the European market, you will be required to travel overseas at short notice.

#### Job Requirements:

- BSc degree or equivalent in Computer Science/Engineering.
- 2+ years of experience in developing iPhone applications.
- Good understanding in OOD / OOP.
- Strong skills in Objective C language.
- Thorough knowledge in iOS and Mac OS X.
- Excellent communication (written and verbal) and interpersonal skills.
- Experience in developing applications for Mac is preferred.
- Knowledge in GIS / raster and vector graphics would be an added advantage.

An attractive remuneration package along with other perks and benefits awaits the right candidate. If you are confident that you are the ideal candidate for this position, e-mail your resume with two non-related referees, stating "iPhone Developer – Software Engineer" in the subject line within 10 days of this advertisement to [careers@eurocenter.lk](mailto:careers@eurocenter.lk). Only shortlisted candidates will be notified.
