FINANCE MANAGER

- An international freight forwarder with worldwide offices
- Critical Senior Position
- Challenging job with growth opportunities

An international freight forwarder with worldwide offices is seeking for a Finance Manager for its office in Sri Lanka .The role is broad based and the incumbent should possess hands on experience in budgetary controls, financial & tax planning, cash flow & treasury management, MIS through computerised accounting environment, monitoring of performance and overall supervision of accounting functions. As the job involves contacts at various levels, excellent communication and inter personal skills are vital. Flexibility to work longer hours may also be required on occasions.

Duties include:

- Preparation of monthly management accounts
- Maintenance of General Ledger, Assets Registers etc.
- Reconciliation of Balance sheet accounts and Bank accounts
- Liaising with company bankers, auditors and company secretaries
- Preparation of annual budgets and cash flow forecasts
- Ensuring timely payment of taxes and other statutory dues and preparation and filing of monthly/ quarterly annual Tax returns/Sales tax etc.
- Preparation of other accounting statements and reports as required by Head office

Ideally you should have completed a degree in accounting or an equivalent professional qualification. Previous experience in a similar role in the industry is highly regarded and will be of distinct advantage. You will have strong communication skills, effective time management skills and work independently with minimal supervision in a team environment. You will be confident at using computerised accounting systems and MS office. It is essential that you have a high concern for the quality and standard of your work and believe in taking responsibility for what you do.

Remuneration package will commensurate to experience and qualifications and the right candidate could expect a challenging but friendly working environment.
