

My favourite movie

My favourite movie is the BEE MOVIE. I went to the cinema yesterday. My whole family went too. It was at Majestic City. It was about a naughty bee.

My trip to Singapore

One morning my father told me that we were going on a trip to Singapore. I was so happy and I started to count the days. Finally the day arrived.

At the airport there was a big checking process to be done. Finally we departed. The airline was Cathay Pacific. After the take off we could not see anything since it was dark. So we had our meal and slept.

We landed at Singapore Changi Airport early in the morning and went by taxi

to Prince Palace Hotel.

On the first day we went to an island called 'Senthosa.' We had a tour around the island. The under water world, the dolphin show and the Dinosaur Park in Volcanoland, Cinemania and Magical Fountain show were some of the places we visited during the tour.

The next day we observed Wisma Dharma Chakra Temple. It was beautiful.

On the third day we went to see a hockey match because my father is a hockey umpire and my brother and I played hockey.

On the last day we went shopping. My trip to Singapore had been really an enjoyable one and I felt sad on the last day when we departed for the airport to come back to Sri Lanka.

A wonderful dream

While I was attending to my homework, my parents came to my room. They told me that the following week, we will be going to India.

I was thrilled and I thanked them. I waited anxiously for the day to pack our things for our journey.

We packed our things and went to the airport. We got into the plane.

The engines started. It made a horrible noise that made me sick.

Suddenly, we heard a terrible explosion. I was very frightened and I screamed.

When I opened my eyes, I was on the floor. Then I realize that it was only a dream.

My doll

My doll has short trimmed neat, golden hair. She was sent by my god-mother. I have lots of frocks for her that I wore when I was her size. She has blue eyes like blueberries. Her sweet baby smile makes me cuddle her. She's just one year old.

Being an only child, I think she's my own sister. She sleeps in her little cot and wakes me in the morning by crying.

One day I went to the playground with my doll but she was lost. I looked for her when I was walk-

ing. I saw her playing with some baby bears. I asked her who they were. She told me they were friends from her own country. I'm so scared to take her to the playground. If you see her playing with anyone, please let me know. She's naughty little Elene.

Stars

Stars are bright,
They shine in the sky.
They give us light,
When we are in the dark.
There are so many stars,
That they twinkle and
twinkle like diamonds in
the sky.

They move away when
the sun comes up in the
sky.

Fruits

There are many
kinds of fruits in our
country. They are
mango, pineapple,
orange, papaw,
rambutan, avocado,
banana, durian etc.

There are some
imported fruits also.
Some of them are
apples, oranges and
grapes.

Fruits are very
tasty. When they are
ripe it gives a nice
smell. So everyone
likes to eat fruits.
Eating fruits is good
for our health. Fruits
give us vitamins and
minerals.

Normally we take
fruits after a meal.
Some animals, like
squirrels, monkeys
and birds also eat
fruits. We can make
jam, jelly, fruit salad
and drinks by using
fruits.

We can grow a fruit
plant in our home gar-
den. I like to eat
fruits very much.

The awesome rainforest

The sunrise is as nice as a
diamond so bright,
And the rainforest is filled
with golden sunlight,
Raindrops on trees are as
white as snow,
The grass on the ground
looks green below.

The sky starts to look as blue
as the sea,
Animals are active like a
little busy bee,
The monkeys' are as funny as
clowns,
Butterflies look like pretty
little gowns.

The treetops are green like
icing on the cake,
The creepers in them look as
long as a snake,
Worms are crawling as slow
as snails,
Wolves are howling, wagging
their tails.
