

My trip to the zoo

The day we went to the zoo was August 10th. I went to the zoo with my sister, mother and grandmother. When we got there we first went to see the fish. They were very colourful and there were so many different shapes of fish.

After that we went to see the seal. Time went by and we went to see the wild animals and birds such as macaws, love birds, elephants, rabbits and much more. Two hours went by and we were very tired, so we had our lunch. Then when we were going to start again, my mother brought us popcorn. After a little while an announcement said there was going to be an elephant show in the 2nd elephant arena.

The elephant show was fun. Now it was 4 p.m., and my mother told us we had to leave. But I enjoyed myself very much. I mostly have to thank my mother for everything.

My pet

My pet is a doggy
Who has a bushy tail
With two little ears
And a small funny nose

It is very cute
And very naughty
With his nice little nose
And a puffy little face

My pet is a puppy
And it is so small
He's like a little bush
But he is so good to me

My puppy is so playful
As a small child
It is black and white
And so fluffy!
