DEFINING THE FUTURE

This is what our dynamic teams of future focused professionals are designing and developing these days.

Seamlessly connecting telecom, voice, video & data, security & surveillance, electrical & electronics engineering, power management, fire detection & protection, to deliver future defining integrated systems solutions to meet the needs of the Sri Lanka we all envision.

At Fentons we are qualified to do this because of our consistent, cutting-edge leadership in these disciplines spanning a record 90 years.

If challenges like these kick-starts your engines and lights-up an unquenchable fire in your soul; you may be the kind of 'team members' we seek to join us and build

CAREERS IN SALES & MARKETING

Of course you must be a dynamic, self starter with an interest and basic knowledge of electronics, ICT and the like. Not more than 30 years old, your English should be fluent and flawless (both spoken and written) and your presentation and interpersonal skills must be exceptional.

If this describes you and you have a great track record both at school and at work with a valid license to ride a bike, please contact us and convince us that you are the person we need. Even if you are just out of school, but this opportunity excites you, we would like to hear from you as well.

We are looking for 'a very special breed' and we are ready to offer remuneration, benefits, training and career advancement opportunities to ensure you stay long and happy at Fentons.
